inches and weighed two pounds
and four ounces.

The new opera house is nearing
completion. In fact the managers
are expecting to have their open-
ing next week, but whether every-
thing will be in readiness or not by
that time is not certain. Messrs.
Tilton and Alexander have chang-
ed their plans to some extent. In-
stead of fitting up a room merely
as a room suitable for an electric
theater they have made a first-class
opera house out of it. The room
is 26x54 feet with stage room of 16
x26 feet in addition. It will seat
about 350 people. Seats are pro-
vided for in the dress circle for 250
and in the gallery for 100. This
will be ample for the average Mar-
linton audience at the present
time. Instead of the usual drop
curtains and scenery found in
opera houses in the smaller towns
this will be provided with raise
curtains and scenes. The room
will be fitted with regular opera
chairs, electric lights and electric
fans. Arrangements are now be-
ing made with one of the large
vaudeville circuits and good first-
class shows may be looked for in
the course of the next few weeks.
If the undertaking proves a success
the managers will build a theater
next summer that will accom-
modate the best shows now on the
road.

Most Remarkable Lady.

Miss Dot Ford, who is to appear at the Grand Opera House next week, is without doubt the most remarkable lady in the world, inasmuch as she possesses the peculiar ability to escape from any and all handcuffs, shackles, leg irons, manacles, straight jackets and even prison cells. Appearing in conjunction with her brother Don Ford they will present many sensational mysteries each night including "Transposition," a packing box mystery.

They carry an excellent company of vaudeville acts supporting their mystifying performance, including the latest and best moving pictures and illustrated songs.

Don't fail to see this remarkable company, positively the only time here this season.

It looks as though West Virginia will
not be represented in congress next year.
What say you?

The bribery case in the senate is creat-
ing some disturbance. Democratic poli-
tics is not so clean after all.

Prof H. W. Dadrill will teach a ten
weeks training school here, beginning
some time in April. Notice will appear
later.

Roger-Grilley Recitals.

A large crowd witnessed the second
number of the Marlinton Lecture Course,
the Roger-Grilley Recitals.

The popularity of this course is increas-
ing with every entertainment as shown by
the large increase in the crowd attending
the Roger-Grilley Recitals last Thursday
night and the treat given by the manage-
ment to the children of Marlinton and
vicinity was taken advantage of by over
one hundred children who were all highly
pleased with the performance.

The Musical Four the third number of
the Lecture Course will be here on the
9th of February, this is followed by the
Dudley Buck Company on March 2nd and
Dr. Edward Amherst Ott on April 26th.
These numbers are very fine, all bearing
a National reputation, and the manage-
ment expects to book a similar course
next year and is especially desirous that
all people in Marlinton and vicinity should
attend one or more numbers of the course
this season.

H. Hardman three promising school teachers were seen on our streets Saturday.

Mr. Edward K. Marcum, Musical Director and Baritone Soloist, of the Dudley Buck Company which appears at the Opera House Thursday night, March 2nd, has had a thorough musical training. He was a piano pupil for several years of Mme. Schiller. Dr. Garrett Smith and Mr. Walter Hall were his instructors on the organ, and Mr. Marcum now occupies the position of organist in a prominent Fifth Avenue church. His vocal training has been under the leading New York teachers and he possesses a rich powerful voice.

Hallowe'en Party.

A hallowe'en party was indulged in by a number of young folks at the opera house last Tuesday evening. There were fifty or sixty couples present. The costumes were grotesque and when the time came to unmask the surprises were many. Dancing and other forms of amusement were kept up until the midnight hour when refreshments, consisting of cider, chestnuts and ginger cakes, were served. The hall was appropriately decorate in fodder, pumpkins and vari-colored leaves. A flash-light photograph was taken of the merry makers.

Albert Sharp moved his planing machinery on Donthards creek this week.

Most Accomplished Artists on the Lyceum Stage, Opera House, Wednesday, Night, March 8th.

In the Kellogg-Haines Singing Party there is an attraction which has no superior in its particular line of work in the lyceum today. There are five in the party, three gentlemen and two ladies. Much of their program is given in elegant and appropriate costumes. Some of these numbers are the best example of wit that good musical literature has to offer. Scenes are also given in grand operas.

The chief claim that is made for this company is that they present entertaining concerts of such solid musical character and and fresh wholesome power that it is sure to captivate the musical layman, while winning admiration from the musical critic of the severest type. As some one has already said: They have discovered just what the audiences want in the musical entertainment, but their claim

for recognition is in their quartette work. It is doubtful if any other mixed quartette in America can approach them in that singing and individuality and perfect blending of voices that comprises ideal quartette work. It is heard in the singing of the foremost state quartettes but is known in mixed quartettes.

Prof. Charles A. Prosser, Superintendent, of the New Albany, Ind. Chautauqua says: "The Kellogg-Haines Singing Party has given, in the opinion of our patrons, the greatest satisfaction of all musical organizations that have appeared at our assembly in the last four years." If necessary this whole paper could be filled with like quotations.

This is the fifth and last number of the Course.

Single Admission \$1.00

Most Accomplished Artists on the Lyceum Stage, Opera House, Wednesday, Night, March 8th.

In the Lyceum Hall, singing party there is an attraction which has no equal in its particular line of work in the town today. There are five in the party, three gentlemen and two ladies. Much of their program is given in elegant and appropriate costumes. Some of these numbers are the best examples of wit that good musical literature has to offer. Scenes are also given in grand operas. The chief claim that is made for this company is that they present entertaining concerts of such solid musical character and such fresh whimsical power that it is sure to captivate the musical layman, while winning admiration from the musical critic of the severest type. As soon as one has already said they have discovered just what this audience wants in the musical entertainment, but their claim

for recognition is in their speaking work. It is doubtful if any other mixed quartet in America can approach them in that singing and individuality and perfect blending of voices that comprises their quartette work. It is hard in the singing of the foremost quartet, tells but is known in mixed quartettes. Prof. Charles P. French, Superintendent of the New Albany, Ind. Chautauque, says: "The Lyceum Hall singing party has given in the opinion of our patrons, the greatest satisfaction of all musical organizations that have appeared at our assembly in the last four years. If necessary this quartet could be filled with the greatest talent." This is the fifth and last number of the Chautauque. Single Admissions \$1.00.

FROST.
We are having some warm weather, the snow is going off and the farmers are glad.
Early Diller and wife, of Marlinton were visiting in our neighborhood last week.
Mrs. R. E. Campbell, who is at the Hinton hospital is still improving.
Your paper is growing better and brighter every day and should find a place in every home regardless of politics.
A Texas editor refuses to publish obituary notices of people who in his failed to auto-motobize for his paper and gives this reason: People who do not take their home paper are dead anyway and their passing away has no news value.
We had the pleasure of attending a birthday dinner given by Mrs. J. O. Gentry at Hintonville Thursday last. The good women had just gone but this year. We hope the party was long and when she grows older, her children will have her birthday looking like a wedding day.
Buckeye, for the Republican News.

BEAVER CREEK.
Miss Moss is visiting relatives on the creek.
J. H. Sanders was in Marlinton Friday.
Our school will close next Friday.
Rev. R. Underwood and wife were shopping in Hintonville Friday.
Lew and Tyler Hynes have taken a job of cutting for J. H. Sanders.
Homer Underwood went to North Park to do some skidding.
I will sing off for this time and come again.
The snakes are out of their den. H. Underwood killed a snake measured over 5 ft. last Thursday. It was out in the field when the dog found it and fought pretty good for this time of year.
Success to the News.
When Dr. West is in Marlinton, a woman's marriage also has been from Marlinton to Marlinton. One of the men who is a contractor in building the big dam on the river and a lot of work and the woman is to stay in the house.

Miss Frost, through a misprint of this story last week, a few days back week.
Homer Underwood was a fine skidded down on his knees. He said that the snakes will have been killed by Frost's snake, as a lot of them of the snakes.
Helm and wife are the victims of the day with just enough snakebite and blue sky for us to be glad that it is not in Marlinton.
Our youngest lawyer, H. H. Underwood, was at Frost's few days last week on business.
Rev. Thomas Morgan has been visiting members of his flock, congregation for quite a number of days.
Our obliging postmaster, E. McElroy, goes to Ohio this week for the transaction of his business with the Ohio Creek Lumber Company.
G. U. Felling spent Monday in Marlinton. Rev. Morgan had charge of Mr. Felling's services in his absence.
J. O. Leary, our mail carrier says that he is more diligent than most but that mail is certainly more disagreeable than he.
Mrs. Birdie Lilly, the teacher of the Underwood school was visiting friends in this community the latter part of the week. She reports her school near the track and.
Quite an interesting audience was present at the Literary, Friday night. From all adjoining hamlets and towns, men, women and children flocked to the place of meeting for they had heard a report to the effect that this quartet, "The Lyceum Hall singing party" of that American Lyceum.
The Literary is progressing nicely under President Watkins. We are glad to note the interest of the patrons and as the school is anticipating a reorganization of the H. L. S. next year, they are of course, expecting to have the same president again.
Was a greater man than Geo. Washington? would he? discussed, Pro and Con by two school girls, namely: Gladys Felling to affirm, Kathleen Gentry to deny. The debaters though inexperienced both handled the subject with an eloquence which was admired by all. The judges rendered a decision of two to one in favor of the affirmative.
Feld Proportionate Share.
A poor fellow having with difficulty procured an edition of the News of Marlinton told his friends he only came to visit him for something to eat, and as they were at the time ready with some delicious food, asked he should not be returned. "Naturally not," said the fellow, "except for a little is a piece for you, and if all the rest of just waiting will give you as much more back rather than that I am."
Can't Business Live.
A parrotlet decided to try the place for a while based on some previous word that he had. The attempt in producing such noise in that place and about a barn, and in perfect a hand the playright, as well as the audience, showed perfectly adapted the view expressed two thousand years ago by a Greek on one of the same words of thought. "The man who would a nation is not a politician."

Frank Wilson had a hard call as early as last week.
E. J. Reynolds and H. H. Morgan spent Monday in Marlinton.
Rev. and Mrs. W. C. Gentry spent Wednesday in Marlinton, the guests of relatives.
Mrs. R. E. Campbell spent a couple of days visiting in Marlinton last week.
The kind weather of the past week has set down the snow to such an extent that it is not seriously seen here ground in some places.
Mrs. Kent Felling left on Monday to spend a few days with relatives before moving to Fairbairn, where Mr. Felling has accepted a position as inspector on a hardwood mill.
An unidentified man was killed by a local freight train between here and Gladys last Saturday morning. It is supposed that he had fallen asleep while sitting down to rest, and the engineer did not see him in time to stop the train before it hit him.
We regret to learn of the fire that destroyed Harry Bowman's store at Gladys on Monday morning. First in this vicinity have been quite frequent lately. On Tuesday morning the Western Maryland water tank at Oakley burned. It does seem that this ought to change the luck.
FINE PEACHES.
Some of the finest peaches seen in this locality are on exhibition in show window of Fairbairn Jewelry Co. They were raised at Vinola, Okla., by W. R. Dufus of that place who is here advertising his home city and selling lots. He reports his lots already sold here.
Paupers Journey for That Act.
Cardinal Wagner did not like to see a sign of rapid transit, but he created it for himself. His capacity for rapid travel was a valuable aid in carrying out a scheme. Wagner is said to have first seen rapid transit in this way. He was charged with a mission from Mainz to the Emperor's hospital in the low countries and left London in the afternoon. His next by boat in Germany, by boat to Berlin, then by boat again to Berlin, and he was with the purpose the following morning and back to the king in just over 100 days from the time of starting.
Long Telegram Puts.
In Marlinton the telegraph room is doing a lot of work. There have been some and sometimes. Two are at the telegraph; but passed with the news from there. In some parts of the town, a notice has been put on the poles and the telegraph room. However, in the telegraph of the state and of the reports of several things.
Went Back to the Telegram.
H. and Mrs. Gentry, 1845 17 and 18, took a trip to the telegraph room. The telegraph room is doing a lot of work.
